ATTENTION : 

SUBJECT : Request for information

1. Quarterly Military Survey, Director of Intelligence, USFA, 1 June 1949, reports officials of Soviet controlled firms in Austria were being encouraged to deal directly with Western Austrians rather than through USIA or Intrac. The report indicates publicity regarding activities of Intrac and USIA was so poor that Western Zone officials might not know Eastern Zone officials were under Russian domination and in consequence might more readily contract to ship strategic materials to the Soviet Zone.

2. How well have the economic activities of USIA, Intrac, and other Soviet cover firms been publicized to the Austrian public?

3. Do we have any factual data of barter compensation or other business deals of the type indicated above? If so, what are the names of firms and officials involved and were any 1A and 1B materials shipped to the Soviet Zone?

4.  of this office may be called upon for further information if necessary.
